

High Strength Silage Sheets

Although it is lighter in weight, Visqueen Agri-S Premium Plus has been manufactured using SmartStructure Technologies to make it strong, tough and tear resistant. Visqueen has an increased resistance to weathering, protecting your silage crop from the harshest of weather conditions, and its UV inhibitors provide essential protection from sunlight.

- **125µm - lightweight and strong**
- **Green-Black - perfectly blends into the environment**
- **Convenient packaging for easy handling**
- **Centre folding easier to unfold**
- **Fully recyclable**

The science, chemistry and extrusion technologies we employ combine to deliver SmartStructure technology manufacturing processes that ensure all mechanical aspects of our films are maximised resulting in reliable, stable, high performing products that create ideal ensiling and storage conditions.
